"Ghost Chase" COMPETITION RULES

§ 1

GENERAL PROVISIONS

- The organizer of the "Ghost Chase" Competition (hereinafter referred to as "Competition") is the Foundation for the Development of Poznan University of Technology located at PI. Marii Skłodowskiej - Curie 5, 60-965 Poznań, represented by the President of the Board in agreement with GHOST (Group of Horribly Optimistic STatisticians) operating at The Faculty of Computing and Telecommunications of Poznan University of Technology.
- 2. The Competition will be held during the "GHOST Day: Applied Machine Learning Conference", i.e. April 5-6, 2024.
- 3. Any natural person who is a registered Participant in the "GHOST Day: Applied Machine Learning Conference" (as defined in the Conference terms and conditions) can participate in the Competition.
- 4. A Participant of the Competition is a natural person who has filled at least one Competition task and accepted the Competition rules.
- The Competition is not a promotional lottery within the meaning of Art. 2 sec. 1 point 9 of the Act on games and mutual wagering of July 29, 1992 (Journal of Laws 04.4.27, as amended) and is not subject to the rules contained in the above-mentioned Act and executive regulations to this Act.

§ 2

COMPETITION RULES

- 1. The subject of the Competition is to give the largest number of correct answers to the Competition tasks. The tasks will be available through QR codes posted in the conference area (PUT Lecture Center, Piotrowo 2, Poznań).
- 2. The condition for participation in the Competition is the joint fulfilment of the following conditions:
 - a. getting acquainted with the rules of the Competition on the ghostday.pl website
 - b. completing at least one Competition task
 - c. providing the same email address as during registration while submitting each task
 - d. meeting the requirement specified in § 1 point 3
 - e. appearing at the end of the conference
- 3. The tasks will be assessed by the Competition Committee composed of:
 - a. Zuzanna Gawrysiak Poznan University of Technology
 - b. Jacek Karolczak Poznan University of Technology
- 4. For each task, a Participant can receive a maximum of one point, depending on the correctness of the solution.
- 5. A ranking list of Participants will be created by summing up the points for the tasks. The number of points depends on the correctness of a task solution.
- 6. In the case of obtaining the same result by more than one Participant, the time of submitting the last task decides the position on the list.
- 7. The top three Participants on the ranking list will be notified by email and asked to confirm their will to take part in the quiz.

- 8. In order to confirm the will to take part in the quiz, the notified Participant should respond to the email within one hour, under the pain of losing the right to the prize.
- 9. The top three Participants on the ranking list will take part in a live quiz, consisting of 10 questions about Machine Learning. The Participant with the most correct answers will be announced the winner. In case of ties, additional questions will be asked.
- 10. Prizes in the Competition will be announced after the end of the Competition.
- 11. Any doubts regarding the rules of the Competition, the provisions of its Regulations and interpretation shall be resolved by the Organizer.
- 12. The prize winner will be notified at the end of the quiz.
- 13. In order to confirm the will to accept the prize, the notified Winner should collect the prize at the end of the conference, under the pain of losing the right to the prize.

§ 3

PERSONAL DATA OF COMPETITION PARTICIPANTS

- 1. In order to participate in the Contest, the Participant must provide true personal data, ie: name, surname, e-mail address, and in the case of a prize, also telephone number and address.
- 2. The data provided will be processed only for the purpose of conducting this Competition and in connection with the awarding of prizes.
- 3. The person applying for the Competition declares that he has been informed that:
 - a. The Administrator of personal data of the "GHOST Day: Applied Machine Learning Conference" participant is the Foundation for the Development of Poznan University of Technology located at PI. Marii Skłodowskiej - Curie 5, 60-965 Poznań, represented by the President of the Board.
 - b. The legal basis for the processing of your personal data is the contract concluded between the conference Organizer and the participant of the conference - article 6 Section 1 (b) GDPR
 - c. The data will be processed for the implementation and settlement of the "GHOST Day: Applied Machine Learning Conference", Poznań 2023.
 - d. According to the law in force, personal data may be transferred to processing entities (Article 28 Section 1 GDPR) to hotels and institutions and companies whose services the conference participants will use as well as bodies authorized under the law.
 - e. The data will be kept for the period necessary for the proper implementation and settlement of the conference - 5 years from the end of the calendar year in which the conference was organized.
 - f. You have the right to access, rectify, transfer and delete your personal data and the right to limit processing.
 - g. You have the right to lodge a complaint with the supervisory authority if you consider that the processing of your personal data infringes the provisions of the General Data Protection Regulation (GDPR) of 27th April 2016.
 - h. Your data will not be processed in an automated way, including profiling.

§ 4

FINAL PROVISIONS

 The Organizer is entitled to change the provisions of these Regulations, as long as it does not affect the deterioration of the conditions for participation in the Competition. This applies in particular to changes in the dates of individual Competition activities and changes to the prize specification. 2. The amended Regulations are in force from the time of their publication on the ghostday.pl website.
